

Carbon Steel Tank Skid Packages

Water Heating and Chilling Applications

Sioux Water Tanks

Need a water tank to use with your water heater or chiller? Sioux manufactures 1,000 and 2,500 gallon water tanks. There are two 3" ports on the 1,000 gallon tank and two 4" ports on the 2,500 gallon tank for inlet and outlet water connections. Standard tank packages include a carbon steel tank with anode and powder paint finish. Tanks with optional spray foam insulation are also available.

Model TSC2500-1507F

Quality Built

- 10 or 15-HP motor and centrifugal pump
- NEMA4 watertight electrical enclosure
- Electrical - 208, 230, or 460/3PH/60Hz
- Inlet water suction diffuser before pump
- High & low level switches
- 2" inlet water solenoid valve
- Level sight gauge
- 4" tank vent
- Access hatch
- Forklift accessible skid
- Inlet port and 115-volt power outlet for optional chemical metering pump
- Option to add an additional 3, 5, or 7.5-HP motor and pump with inlet water y strainer
